

ACC Annual Meeting

Dr. Neil Gordon, CEO, and Chip Faircloth, executive vice president, will be representing INTERVENT at the American College of Cardiology's (ACC) annual meeting in San Francisco, March 9 - 11. The theme of ACC.13 is transformation of cardiovascular care - "Discovery to Delivery."

INTERVENT will be exhibiting with its ACC/CardioSmart partners to launch CardioSmart@Work ([click here to view the promotional flyer](#)). The conference exhibits, which feature nearly 300 companies and organizations, are promoted as "the largest gathering of cardiovascular products and services."

For information about the relationship between INTERVENT and the American College of Cardiology, see our [January 18 news release](#).
